Summer Career Camp Proposal

Mohawk Valley Community College presents a very popular and exciting variety of summer youth enrichment programs during the months of July and August. These week-long, half-day "career camps" are targeted at students primarily in grades 4-9. Camps include both high-tech and non-technical topics. Programs have included Ecology and Nature Camp, Engineering Boot Camp, Junior Scientists Camp, Theatre and Acting Camp, Robotics, Archeology, and Forensics.

We are looking for new ideas from people who can develop and teach a half-day morning program in science, technology, culture, fine arts, history, outdoor skills, or other areas that would appeal to young people in grade ranges of 4-6 and 7-9. All programs focus on providing enriching, educational, fun experiences in a college setting.

Based on demand, each camp can be offered more than once and/or at both our Utica and Rome campuses. Camps are limited to one week for five half-days, from 8:30 a.m. – 12 p.m. or 1:00 – 4:30 p.m. Camps start the week of July 8^{h} and run through August 16, 2013.

Camp Decision Process: All camp proposals will be considered by the Center for Corporate and Community Education (CCED) staff. We will contact you by email or phone to discuss your proposal and set up an interview if this is a program we would consider offering. Please note that we are always interested in offering quality, enriching programs to all populations in the community (adults, seniors, etc.) throughout the year. If appropriate, we may ask you to consider your idea for one of these groups too. All proposals must be returned by February 15, 2013.
