To All Students:

This brochure details the supplemental healthcare benefit plan that is available to all fulltime Mohawk Valley Community College students. This plan is voluntary and supplements the required basic accident and sickness plan. Please review the brochure carefully, and keep it for future reference if you need it. The Health Center will also lend you any assistance as necessary.

Unfortunately, many MVCC students come to the College without the benefit of healthcare insurance. Being sick and unable to receive medical attention can negatively impact your success in college. Therefore, we have decided to address this situation by providing coverage, as many of our counterparts across the state have done.

Through this voluntary accident and sickness insurance, students are provided with a plan that covers eligible expenses for physician visits, prescription drugs, and many other needs. These services are provided for a minimal fee compared to the cost of insurance on the open market.

Your health, safety, and academic achievement are very important to us. By providing you with this insurance plan, we are confident that you will have the necessary protection to care for your medical needs as you pursue your college education. If you have any questions, please call the number provided in the Claim Procedure at the end of the brochure.

While we certainly hope that you will never have to use this insurance, the fact that you have it gives us all a sense of reassurance.

Sincerely,

Randall J. VanWagoner, Ph.D., President
