- Proposed inviting Business Office and Registrar to assist in clarification of CEL payment/coding policy

- April 10 meeting will be held in PH150A

March 6 meeting is cancelled

Steve Frisbee report - had no report on what other colleges offer for various degrees, he will provide it at the next meeting.

Stacy McCall report - she had to leave for another appointment. Jack Susenburger passed out the materials on her behalf. She provided two reports a) was a list of CUNY schools and the number of credits for programs b) a full program outline for an AS in Chemistry was provided showing 60 credits

It was suggested that the VP – academics clarify the Cap policy and the number of hours that would be acceptable for a program.

Mike – the 2=2 agreements for various colleges was distributed.

It was suggested that focus be done on the transfer programs with the biggest number of credits in the program.

Rosemary is going to research those programs.
