

# **MVCC 2008 Graduate Follow-up Survey**

This report summarizes the results of the Graduate Survey for Mohawk Valley Community College of Utica and Rome, New York.

There were 769 graduates (Aug '06, Dec '06 and May '07), who received a total of 794 degrees.

This report was prepared in the Spring of 2009 by the Office of Institutional Research and Analysis.

#### Notes: 1) Phone calls were made in May 2008 to gather information for questions 3, 6 and 10. A printed survey was sent out by mail twice in the summer of 2008. Additional information was received from phone calls which were made in the fall of 2008. The survey did not reach 25 of the graduates (23 due to incorrect addresses, 2 due to late graduation certification).

- The term "Respondent" does not necessarily indicate someone who actually filled out a questionnaire. The information comes from three sources:
  - a) There were 187 surveys returned by mail and 48 received from the post-mailing phone calls (30.6% return rate).
  - b) Data in questions 3, 6 and 10 was received from: 1) pre-mailing phone calls (125 respondents); 2) post-mailing phone calls (18 respondents); 3) the MVCC Nursing Department (for an additional 29 graduates).
  - Data in question 10 also includes transfer information for 167 additional graduates from the National Student Clearinghouse Database.®

Therefore, the data in this report includes complete or partial information for 574 graduates (74.6%).

- The list of employers in Part 2 only includes those of students in "related" occupations, although the salary is the median of all those who volunteered their income.
  - An asterisk (\*) in the salary information indicates that fewer than three graduates reported their annual salary.
- Percentages are based solely on non-blank values.
