(1) The University at Albany does not accept transfer credit for College Foundations Seminar courses.
(2) This course is suggested because it meets a requirement for the major at UAlbany upon transfer.
(3) This is a core course for admission into the major. Students must have a 3.0 GPA in these courses
(4) Students at MVCC must take both AC 115 and AC 116 to receive credit for BACC 211 at UAlbany. Three credits will be applied towards BACC 211, and three credits will be applied as Accounting Elective credit not counting towards the major/minor

A transfer student admitted to the University at Albany who has completed his/her A.A. or A.S. degree will be given credit for meeting SUNY's General Education requirements.

Initial Admission of Transfers with Sophomore Standing or Above to the School of Business:

All students admitted to the University whose basis of admission is "TRANSFER" can be admitted to the School of Business by declaring their major as Digital Forensics at the time of their application to the University as long as they will have met the following criteria:

- Students must have completed at least 32 applicable credits by the end of the spring semester preceding their summer or fall admission to the University, or by the end of the fall semester preceding their spring admission to the University.
- They must also have a final cumulative average of 3.25 or higher and have completed elsewhere a minimum of four of the designated admission core courses with at least a 3.00 average prior to matriculation.
- To remain a School of Business major, students must achieve a minimum overall average at the University at Albany of at least a 3.25 and a minimum 3.00 average for the admission core courses. The core courses for admission to UAlbany's Digital Forensics B.S. are: ASOC 115, RCRJ 281 or AMAT 108, BACC 211, BFOR 100, BFOR 201, BFOR 202, and BFOR 203.
