Learn the process of brewing to enhance your small business or take your home-brewing to the next level. Go from bucket to barrel in this six-week course where we cover malt, water chemistry, hops, yeast, brew-house workflow, and quality testing. We will cover the basics of reading malt and water reports, adjusting water chemistry, evaluating hops, harvesting and storing yeast, and performing basic quality checks for a small-scale brewery. An overview of the brewing process and best practices will round out the class. Students will have mixed lecture with hands-on learning, with opportunities to work with ingredients and apparatus. Learn how the science of water, hops, barley, and yeast meet the art of brewing to create quality beer and how some principles apply to wine, cider, and distilled spirits. Participants who successfully complete all seven sessions will receive a certificate.

April 15-May 27 • Thurs. • 6-9 p.m. • Utica • CRN 60173 • $349

SQL Certificate  NEW  ONLINE
Structured Query Language (SQL) is the industry-standard database programming language. Through your knowledge of SQL, you will become more marketable in computer-related career fields that pertain to database administration. Learning SQL can also lead to a job that is specific to analyzing data such as a data analyst, a quality assurance analyst, or a business analyst. You’ll first learn about relational database structures, the history and uses of SQL, and how to use SQL to create a database, add records to database tables, and how to use SQL queries to extract meaningful data from database tables. You’ll quickly progress from creating simple SQL queries that query a single table to querying multiple tables simultaneously. You’ll also learn how to alter data in a database and how to gather significant statistics from data stored in a database. Finally, you’ll learn techniques that will enable you to write powerful queries that perform complicated searches and sorts on your data.

INSURANCE CONTINUING EDUCATION COURSES

Insurance in the Financial Planning Process
This brand new course covers a wide spectrum of the role of insurance in the financial planning process. It examines a number of insurance and non-insurance financial products generated by agents and brokers. How much insurance is enough? Let’s talk about it.

Instructor: Peter Carchedi
Sat. • 8:30 a.m.-4:30 p.m. • Utica • $75
Option 1: March 6 • CRN 60696
Option 2: April 3 • CRN 60697

Creating and Executing a Culture of Customer Service
For many insurance customers, the only point of contact with their insurer is you! This eight-hour CE course will provide a variety of tips and hints for developing superior customer service skills. These skills can then be taught throughout an organization to develop a culture based on customer service.

Instructor: Sharon Jachim
Live via Zoom • Wed. • 8:30 a.m.-4:30 p.m. • Utica • $75
Option 1: March 3 • CRN 29856
Option 2: May 5 • CRN 60440
Homeowner’s Liability Insurance Policy ONLINE
The ISO Homeowner’s Insurance Policy has been the standard of coverage for many years in New York. However, as life conditions change our liability exposures change, as well. Should your insured host a graduation party at their home? Are you covered if you rent out to a tourist? Can you run a business from your home? These situations, as well as many others, will be covered in this fast-paced, timely course. (BR, C3, PA, PC; NYCR 266660)

Instructor: Don Reese
8:30 a.m.-4:30 p.m. • $75
Live via Zoom: March 27 • Sat. • CRN 60503
Live via Zoom: May 1 • Sat. • CRN 60513

Insurance Regulations and NYS Licensees
This course covers the range of statutory and common law provisions which affect agents and insurers in 2017. From Producer Transparency laws to Fiduciary Responsibilities, the course covers a wide range of laws which impact the daily operation of agents, brokers and insurers, among others. (BR, C3, LAH, LB, LSB, LC, PA, PC)

Instructor: Don Reese
April 10 • Sat. • 8:30 a.m.-4:30 p.m. • Utica
CRN 29731 • $75

New York State of Health Insurance Coverage Analysis
A major part of the Patient Protection and Affordability Act, this eight-hour course covers every aspect of the operation of the health insurance exchange in New York from “metal levels” to subsidies. (BR, LAH, LB, LSB, LC, PC; NYCR 254250)

Instructor: Peter Carchedi
April 17 • Sat. • 8:30 a.m.-4:30 p.m. • Utica • CRN 29737 • $75

Patient Protection & Affordable Care Act
Easily the most controversial law passed by Congress in the last 10 years, it is still one of the most confusing. With changes in Washington D.C. politics, where do we go from here? Will New York State keep all of the provisions of the law? Who is going to pay for all of this? (BR, LAH, LB, LSB, LC, PC; NYCR 254230)

Instructor: Peter Carchedi
Feb. 27 • Sat. • 8:30 a.m.-4:30 p.m. • Utica • CRN 60508 • $75

Preparing for the Worst: Disaster Insurance
We all know that disasters occur. Will you and your clients be ready? Over eight hours, this course will cover risk management and disaster preparation from the view of a business or a family, and will help to prepare you for times of emergency and to better serve your clients and customers. This course provides eight CE hours of instruction. (BR, C3, PA, PC; NYCR 237532)

Instructor: Don Reese
May 8 • Sat. • 8:30 a.m.-4:30 p.m. • Utica • CRN 60156 • $75

Property Coverage: NYS Insurance Forms
For many New York residents, their most expensive purchase will be their home. As a result, you need to have a solid, detailed knowledge of real and personal property coverage(s) and exclusions. This course presents an updated analysis and review of the ISO Homeowner’s Property Coverage Forms. (BR, C3, PA, PC; NYCR 266661).

Instructor: Don Reese
Various Locations • 8:30 a.m.-4:30 p.m. • Utica • $75
Live via Zoom: Feb. 6 • Sat. • CRN 60500
Rome: April 22 • Thurs. • CRN 60501

Lead Renovator Certification
These classes are required for all home improvement contractors, property management firms, handymen, landlords, or others compensated for renovations that disturb more than 6 sq. ft. (interior) and 20 sq. ft. (exterior) of paint or surface coating in pre-1978 housing, schools, or child-occupied facilities are required to obtain an EPA firm license and have their workers trained in lead-safe work practices. It also provides the knowledge and voluntary skills necessary for do-it-yourselfers who want to learn to do it safely – especially those with young children! Renovations firms must have at least one certified renovator who has completed training and obtain a firm certification from the EPA at a cost of $300. MVCC is offering these courses in partnership with the Oneida County Health Department and Environmental Education Associates (EEA), and these courses are accredited by the EPA and fulfill the requirements for lead safe training. EEA is a USEPA TSCA 402 accredited training provider.

Lead Renovator Certification
This eight-hour initial certification course is required for any renovators without previous training to become a certified lead-safe contractor. Bring a pen, pencil, and paper; all other materials will be provided. The course concludes with a 25-question exam. Students should also bring lunch.

Fri. • 8:15 a.m.-5:15 p.m. • MVCC
Carpentry & Masonry • $175
Option 1: Feb. 5 • CRN 27242
Option 2: April 9 • CRN 27243

**March 2-April 8 • Tues., Thurs. 6-7:30 p.m. • Utica CRN 27221 • $99**

**Sign Language - Level II**

Now that you’ve mastered the basics, take your skills to the next level. Classes will be targeted to the interests and abilities of the participants.

**Instructor: Deborah Pardi**

**April 20-May 27 • Tues., Thurs. 6-7:30 p.m. • Utica • CRN 27742 • $99**
Farm to Table: Agriculture and Our Local Food System

Explore the development of modern food production from agriculture to distribution to plate. Classes will take the form of three virtual discussions, two field trips of closely connected Mohawk Valley local food businesses, and the last class will be in-person at the MVCC Rome for a tour and activities within commercial kitchens.

Instructor: Alicia Luhrssen-Zombek
Hybrid: April 15-May 20 • Thurs. • 6-8 p.m. • Online & Rome • CRN 60719 • $99

Beginner Cookie Decorating

Briefly learn about the basics of baking cookies and tips and tricks of the trade, and then we’ll move right into the world of decorating. There will be hands-on lessons on the various decorating techniques using royal icing. There are five cookie designs planned, and we will get them all completed by the end of class. Ages 12+.

Instructor: Cindy Burek, Buttercup Bakery
Utica • $65

Option 1: Easter Theme
March 21 • Sun. • noon-3:30 p.m. • CRN 60179

Option 2: Spring Has Sprung
April 17 • Sat. • noon-3:30 p.m. • CRN 60180

Sports Nutrition

Enhance your nutrition and fitness goals! This course will give you the skills necessary to apply general nutrition knowledge to athletes of all ages, sports, and abilities. Students will learn how to manage and improve workouts through proper nutrition, hydration, and individual needs. Topics include energy metabolism, micro and macronutrients, and weight management.

Instructor: Jeannine Macera
Online • Feb. 23-March 30 • Tues. • 7-8 p.m.
CRN 60730 • $59

A Whole Food, Plant-Based Lifestyle

Research has consistently linked whole food, plant-based (WFPB) diets to lower rates of heart disease, type 2 diabetes, and some cancers. This course will give you an overview of the current research surrounding the benefits of a WFPB diet, as well as information and support to make the transition to eating plant-based. Favorite WFPB recipes will be provided!

Instructor: Jeannine Macera
Online • Feb. 22-March 29 • Mon. • 7-8 p.m.
CRN 60729 • $59
COLLEGE FOR KIDS AND TEENS

Gravity-Defying Cake Class! NEW
Make a show-stopping cake that looks like candy is magically falling through thin air onto your cake! You’ll choose your cake flavor (let us know in advance if you have a preference: chocolate, vanilla or sprinkle/confetti cake) and then get decorating. Everything is provided. Class is intended for older students, adult/child, and/or sibling pairs.

Instructor: Carol Klausner
Utica • Sat. • $39

Option 1: Spring Theme
April 17 • Sat. • 10 a.m.-noon • CRN 60704

Option 2: Summer Theme
June 12 • Mon. • 1-3 p.m. • CRN 60707

Virtual Reality: The Future is NOW! NEW ONLINE
Learn the foundations of VR design by creating your own virtual worlds, exploring simulated environments, and crafting memorable 3D experiences. A cardboard VR headset is optional for this course. Students may order one for $19 from blackrocket.com/store, take the class without a headset, or use any headset that works with a mobile phone. VR projects will be available on a password-protected Black Rocket website to share with friends and family. *Compatible with Mac, Windows, and Chrome. Ages 8-14.

Online • Jan. 23-Feb. 27 • Sat. • noon-2 p.m.
CRN 60703 • $149

Code Your Own Adventure! Interactive Storytelling NEW ONLINE
Watch as the characters in your imagination come to life in this unique course that blends classic storytelling with animation techniques and coding. Start with a concept, design the characters, and choose not just one ending, but many! Student projects will be available on a password-protected Black Rocket website to share with friends and family. *Compatible with Mac and Windows only. Ages 8-14.

Online • March 2-25 • Tues., Thurs. • 4-5:30 p.m.
CRN 60706 • $149

Middle and high school students can enroll in a unique program that helps them start and run their own company or social movement. Students learn how to turn passion into profit, meet new friends and gain immeasurable skills. Classes take place on Wednesdays from 4:30 to 7:30 p.m. from Oct.- May (no class over school breaks).

Learn more: mvcc.edu/YEA

AN ENTREPRENEURIAL OPPORTUNITY FOR TEENS!
The Heart of STEAM **NEW ONLINE**
Problem solving is the heart of STEAM investigations, but not just any problem will do. This class focuses on authentic projects that fuel students’ curiosity and investigative interests. These real problems generate enthusiasm and a sense of empathy as kids engage in work that truly matters. Ages 7-12.

**Instructor:** Shelley Bartolotti

**On-line • Feb. 15-18 • Mon.-Thurs. • 9 a.m.-noon • $149**

---

**Kind World Explorers **NEW ONLINE
We will work on character strengths such as kindness, compassion, generosity, curiosity, perseverance, empathy, collaboration, awareness, and gratitude. Literature, Reader’s Theater, and activities will offer experiences that focus on building strong character. We will explore social connections that make an impact on the experiences of others.

**Instructor:** Shelley Bartolotti

**Various Formats • Fri.-Sun. • $99**

**Ages 5-7:**

**Online:** Feb 19-21 • 9-11:30 a.m. • CRN 60715

**Utica:** April 2-4 • 9-11:30 a.m. • CRN 60718

**Ages 8-12:**

**Online:** Feb 19-21 • 12:30-3 p.m. • CRN 60716

**Utica:** April 2-4 • 12:30-3 p.m. • CRN 60718

---

**Beginner Jewelry Making with Resonate Trading Company: Friendship Bracelets **NEW
Learn the basics of braiding, beading, macramé, and more! In this camp, you’ll make bunches of bracelets and some new friendships too. We also will take a look at some neat DIY jewelry holders for your creations! Ages 7-12.

**Instructor:** Sara Vivyan

**Utica • April 5-8 • Mon.-Thurs. • 1-4:30 p.m. • CRN 60705 • $139**

---

**S is for Spring! **NEW
Learn skills to create silky smoothies, scrumptious sundaes, sweet and savory salads, and maybe some souped-up surprises! Sounds simple, right? It sure is! Everything is provided.

**Instructor:** Carol Klausner

**Utica • April 5-8 • Mon.-Thurs. • $139**

**Ages 6-9:** 8:30 a.m.-noon • CRN 60709

**Ages 10+:** 1-4:30 p.m. • CRN 60710

---

**Minecraft Modders - Updated! **NEW
Whether you want to enhance your YouTube videos or create a cool scene to amaze your friends, this class teaches the skills you need. Experiment with visual effects as you learn the dynamics of camera angles, editing, graphic layering, and sound effects. Student projects are available on a password-protected Black Rocket website to share with friends and family. Ages 8-14.

*A webcam is required, compatible with Mac and Windows only, and requires a 64-bit operating system.

**Instructor:**

**Online • April 5-8 • Mon.-Thurs. 9:30 a.m.-12:30 p.m. • CRN 60711 • $149**
**YouTube® FX Masters**  
NEW ONLINE  
Customize your own Minecraft world and mod the classic game. Learn scripting and logic statements as you create your first mods. Projects will be available on a password-protected Black Rocket website to share with friends and family. Students must own a Java version of Minecraft to take this class. Tablet, phone, and game console versions of Minecraft are not compatible. Returning students can create more advanced projects that build on previous years. Ages 8-14. *Compatible with Mac and Windows only.*  

**Online** • April 5-8 • Mon.-Thurs. • 1-4:30 p.m.  
CRN 60712 • $149

**Babysitter’s Training**  
Are you ready to take on the responsibility of babysitting? In this course, you will learn all the basic information and skills training you will need to care for children of all ages in a safe and reliable manner. Upon completion you will be prepared and confident in your skills. Ages 11+.  

**Instructor:** Cristen Gallup  
**Utica** • April 5-8 • Mon.-Thurs. • 9 a.m.-noon  
CRN 60471 • $109

**Painting Party!**  
NEW ONLINE  
Learn step-by-step how to create your very own painting and connect online with other kids. Supplies needed: Large and small paintbrushes, 8x10 canvas or paper, cup of water, paper towels, paper plate, and paint. Ages 3-6.  

**Instructor:** Cristen Gallup  
**Online** • Sat. • 9-10:30 a.m. • $20  
**Option 1:** Snowy Trees  
Jan. 23 • CRN 60662  
**Option 2:** Hoppy Easter  
March 20 • CRN 60663  
**Option 3:** Crabtastic Summer  
June 5 • CRN 60664

**Creative Arts and Crafts!**  
NEW ONLINE  
No class will be the same, so stop in for creative fun again and again! Supplies needed: any art supplies you have at home like crayons, markers, tape, glue, paint, paper, rubber bands, cotton ball, popsicle sticks, and more!  

**Instructor:** Samah Salem  
**Online** • Sat. • 10-11:30 a.m. • $20  
**Ages 3-6:**  
Feb. 6 • CRN 60692  
March 13 • CRN 60693  
**Ages 7-9:**  
April 17 • CRN 60694  
May 15 • CRN 60695

**TEST PREP**

**Online Options!**  
MVCC has partnered with Ed2Go to provide a wide variety of instructor-led, online test prep classes. Topics include SAT, ACT, GRE, TEAS, LSAT, and many more. Visit [https://www.ed2go.com/mvcc](https://www.ed2go.com/mvcc) and select the drop down menu for “Test Prep” to browse and enroll in a class today. Offerings begin monthly.

LEARN TO RIDE AT MVCC

For more information or to enroll, visit gomotorcycling.net or call Go Motorcycling, Inc. at 315-858-3321.

MVCC continues its relationship with Go Motorcycling, Inc. as Central New York’s headquarters for award-winning motorcycle rider training. The ride starts here! Whether you are brand new to motorcycling or have been riding for a while, there’s a licensing course for you!

3-Wheeled Basic RiderCourse!
The 3WBRC is an entry-level course comprised of eight hours of interactive classroom learning and about eight hours of hands-on riding instruction on automatic transmission 3-wheeled motorcycles (two wheels in front and one in back).

Students may provide their own trike-style (one wheel in front; two in back) motorcycle for training, but the non-subsidized full tuition of $275 will apply. You will need to call our office to enroll if using your own motorcycle.

Your successful completion qualifies you for a three-wheeled Motorcycle License Road Test Waiver of the NYS DMV Road Test. Your licensing document will restrict you to three-wheeled motorcycle operation.

Basic RiderCourse (BRC)
The BRC consists of five hours of interactive classroom learning and at least 10 hours of hands-on riding instruction. This course provides the beginning motorcyclist with the basic mental and physical riding skills necessary to minimize risk on the street. Motorcycles and helmets are provided. Successful participants will receive a motorcycle road test waiver.

Basic RiderCourse 2 for License Waiver (BRC2-LW)
The BRC2-LW is designed for individuals 18 years or older that already have some street riding experience and have held a valid New York State Motorcycle Permit for at least one riding season. The course consists of a three-hour online eCourse, two hours of classroom instruction, and approximately five hours of practice riding exercises on your own street-legal motorcycle or scooter. The riding exercises conclude with a skills evaluation. Successful participants will receive a motorcycle road test waiver.

Introductory Motorcycle Experience (IME)
The Introductory Motorcycle Experience (IME) is just two hours long and the class size is small – just three participants! The IME is a program to get familiar with the primary controls of a motorcycle. The IME is a taste of riding without a big investment of time or money.

Basic RiderCourse 2 for Skills Practice (BRC)
The BRC2 is a half-day class for experienced riders who already have their motorcycle endorsement. Using your own motorcycle, you’ll practice techniques for managing traction.

MSF RiderCoach Preparation Course (RCP)
Are you a “people person?” Do you love motorcycling? Are you committed to riding safely? Maybe you’d like to join the Go Motorcycling family of MSF-certified RiderCoaches. Each RCP lasts eight days.
Recipe 2 Market (R2M)

Farmers and local aspiring new food business entrepreneurs have the chance to take advantage of accelerating their concepts. Our first five classes are virtual workshops led by experts across the field. Electronic handouts, case studies, and video tutorials will assist in creating a better understanding of the many parts of a value-added food business. Our final class will complete the series with the practice of product storytelling and a lab tour of the commercial kitchen.

Single Registration: $75
Team of Two: $125
MVCC Student Discount: $50

Sessions & Topics:
Week 1: Feb. 24: Stovetop to Storefront/Introduction to R2M
Week 2: March 4: Business Planning & Cost of Production
Week 3: March 11: Recipe Development & Food Safety
Week 4: March 18: Preparing Your Recipe—Kitchen Safety
Week 5: March 25: Marketing & Distribution
Week 6: March 31: Tell Your Story/Commercial Kitchen Lab (In-Person)

To register, call 315-736-3394 x100 or visit https://reg.cce.cornell.edu/R2M-2_230.
For more information, contact Alicia Luhrszen-Zombek, New Ventures, Fresh Markets & Community Coordinator, at aml439@cornell.edu or 315-736-3394 x131.

Cornell Cooperative Extension of Oneida County, in partnership with MVCC’s Rome Campus, will kick off 2021 with a six-part workshop series: Recipe 2 Market (R2M).

INSTRUCTOR-LED ONLINE SHORT COURSES

Our instructor-led online courses are informative, fun, convenient, and highly interactive. We focus on creating warm, supportive communities for our learners. New course sessions begin monthly, are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links, and more.

ONLINE CAREER TRAINING PROGRAMS

Prepare for employment in some of today’s hottest careers with a comprehensive, affordable, and self-paced online Career Training Program. You can begin these Programs at any time and learn at your own pace. Upon successful completion of all required coursework, you will receive a Certificate of Completion.

6-18 Month Format

CANCELLATION/REFUND POLICY

As decisions to run non-credit classes are based on enrollment, reimbursements for canceled registrations will be made as follows:

• **100% refund:** withdraw three or more business days before class begins

• **50% refund:** withdraw two days or less before class begins (for classes costing less than $20, your refund is tuition minus a $10 fee)

• Consideration for withdrawal requests after the first class session must be made in writing to the Center for Corporate and Community Education. CCED is dedicated to customer satisfaction. Please call 315-792-5300 with questions and concerns.

**Security Guard Course Cancellation Policy:** Students will be entitled to a 100% refund at any time prior to the start of instruction. 16-hour OJT course: Student will be entitled to a 50% refund if the student cancels after the start of instruction, but before the start of the second eight-hour block of instruction. A DCJS-approved security guard training school cannot assess any non-refundable registration fees, deposits, or cancellation fees.

**Inclement Weather/Class Cancellations:** If MVCC campuses close, all non-credit CCED classes are canceled as well. Please monitor local media outlets and when in doubt, call our office at 315-792-5300 or visit mvcc.edu.

Did you know that we can train employees at YOUR location? Contact 315-792-5300 for more information on customized corporate training options!

Sign up early to avoid having classes canceled! To avoid any inconvenience to students and instructors, if we do not have a minimum number of students enrolled ONE WEEK before the class is scheduled to start, we must cancel the class.

Do you have an idea for a new course? We’re always looking for new classes and new instructors. If you have an idea for a course that’s not in our catalog, contact Carolyn DeJohn at cdejohn@mvcc.edu.

*It’s easy to join our mailing list!* Just send your email address by text message.

Text: CCED to 22828 to get started. Message and data rates may apply.

TYPES OF ASSOCIATE DEGREES
AS: Associate in Science, for students who plan to continue at a four-year college.
AA: Associate in Arts, generally for programs intended to transfer to a four-year college.
AAS: Associate in Applied Science, for those seeking to enter the workforce or a four-year college.
AOS: Associate in Occupational Studies, for students who intend to enter the workforce.
What are micro-credentials?
Micro-credentials are groups of three to four courses that can be taken as a standalone program or can eventually be stacked to earn a degree or certificate. They are designed to help students quickly develop relevant skills to prepare them for entry-level employment or per-diem work, and can help those currently employed gain additional training to advance their career.

MVCC’s micro-credentials can help to bridge the gap between college and a career, giving students a competitive edge before completing a degree program.

MVCC also has partnered with digital credentialing platform Credly, which empowers the College to officially recognize individuals for demonstrable competencies and skills.

MECHATRONICS

MVCC’s Mechatronics Certificate program prepares students for a career in advanced manufacturing in just one year!

This hands-on program is one of only a few in the region offering this training, which prepares graduates for entry-level positions that involve the operation and maintenance of electro-mechanical systems commonly found in advanced manufacturing environments.

All credits earned also will transfer to the Electrical Service Technician AOS degree if students decide to pursue that path. The program will help to prepare students who wish to pursue industry-recognized certifications, such as the Manufacturing Skills Standards Council, Certified Production Technician (MSSC – CPT).

The Mechatronics certificate program was made possible by funding from the U.S. Department of Labor through a Trade Adjustment Assistance Community College Career Training (TAACCCT) grant awarded to the State University of New York. The grant provided funding for MVCC to equip two new mechatronics labs that will provide students with hands-on learning opportunities.

Mechatronics is an interdisciplinary program focused on mechanics, electronics, motor control systems, and automation, which drive the design, operation and maintenance of all modern complex machinery.

First Semester
ET105 Computer Control Fundamentals
ET127 Modern Industrial Practice
MA105 Technical Mathematics 1
MT149 Pneumatic and Hydraulic Systems
ET101 Technical Electricity 1

Second Semester
ET102 Technical Electricity 2
ET104 Systems Diagrams
ET131 Electrical Machinery and Controls 1
ET251 Mechatronics Systems
MT139 Mechanical Systems

For more information, contact:
Joseph Woodrow, Dean, School of STEM-Careers
315-731-5753
jwoodrow@mvcc.edu
MVCC has recently become a prestigious partner for FIRST® Robotics (For Inspiration of Science and Technology), an international not-for-profit organization, to lead 7th-12th grade FIRST Tech Challenge youth robotics competitions representing teams throughout all of New York State (excluding Long Island and NYC)!

Once on-site events are possible again, we look forward to having you help cheer on the teams at all of our exciting, free, and open-to-the-public competitions!

FIRST designs accessible, hands-on, innovative robotics programs to build self-confidence, knowledge, and important life skills and teamwork while motivating young people to pursue opportunities in STEM.

CCED will offer exciting FIRST Robotics Camps this summer:
- FIRST LEGO League Explore (K-3rd grades)
- FIRST LEGO League Challenge (4th-8th grades)
- FIRST Tech Challenge: Engineering and Programming! (7th-12th)

For more information, visit www.mvcc.edu/firstrobotics or www.firstinspires.org.
MVCC offers two-year degree and one-year certificate programs in various trades, with opportunities for experiential and applied learning through community projects, and internships and apprenticeships.

Between the rising costs of college tuition and shifts in the job market, many students are realizing the benefits of skilled trades, which provide training and education in practical fields. Most students emerge from these programs with little to no debt and a marketable skill, and many have jobs within one year of graduation.

“MVCC has a long and proud tradition of offering high-quality technical training, as the state’s first community college,” said Joe Woodrow, Dean of the School of STEM Careers. “Our students get hands-on experience in outstanding facilities and learn from dedicated, knowledgeable faculty who have experience in the field.”
Airframe and Powerplant Technician Certificate
• Length of program: Three semesters
This FAA-authorized program (Certificate #VXYT570K) prepares students for a career in one year, giving them hands-on experience with real equipment and aircraft at MVCC’s aviation center, located near the College’s Rome Campus and Griffiss International Airport.

Carpentry and Masonry Certificate
• Length of program: Two semesters
Located at MVCC’s Construction and Trades Center in Downtown Utica, this program combines lectures with labs and on-site sessions, providing hands-on experience that prepares students to work as carpenters or masons, or even start their own businesses.

Computer Aided Drafting programs
• Computer Aided Drafting AAS degree: Four semesters
• Computer Aided Drafting Certificate: Two semesters
These programs prepare students for careers as industrial designers and drafters in the technical drawing and solid modeling design fields. Emphasis is placed on architectural and mechanical drafting.

CNC Machinist Technology Certificate
• Length of program: Two semesters
This program prepares students for employment in general machine shops and Computer Numeric Controlled manufacturing. Students develop their own advanced machining projects, which include the design, manufacturing, and evaluation of their own product ideas.

Electrical Service Technician AOS degree
• Length of program: Four semesters
This degree encompasses the field of industrial and commercial services, providing students with the skills needed to work effectively as part of a diverse technical team or on their own.

Heating and Air Conditioning (HVAC) programs
• Heating and Air Conditioning Certificate: Two semesters
• Air Conditioning Technology: Refrigeration AOS degree: Four semesters
Both programs prepare students to enter the workforce as service technicians, installers, lab technicians, and facilities maintenance mechanics in the residential, commercial, and industrial heating and cooling industries.

Mechatronics Certificate
• Length of program: Two semesters
This program prepares students for a career in advanced manufacturing in just one year. It focuses on mechanics, electronics, motor control systems, and automation, which drive the design and operation of modern machinery. Graduates are qualified for employment as machinists, tool operators, and nanotechnology support.

Welding programs
• Welding AOS degree: Four semesters
• Welding Certificate: Two semesters
MVCC’s students learn all the major processes, including Oxy-Fuel, MIG, TIG, and Arc Welding, as well as plasma-cutting, fabrication, blueprinting, and blacksmithing, preparing them for welding work and for the NYS Certification Exam.

To learn more about these programs, visit www.mvcc.edu/academics/stem.
Tea Leaf Manufacturing (TLM) was launched in September 2019 and uses the FABLab in the Science and Technology building on MVCC’s Utica Campus. The lab is filled with high-tech, industrial-grade fabrication equipment and electronic tools, including the only local state-of-the-art 3D metal printer.

TLM has successfully worked on various projects and patents with students, members of the community, and local businesses.

The lab serves many different purposes, including:

- providing a place where students can design and build projects while being able to participate in all phases of standard production processes
- providing local businesses with the latest design and rapid prototyping technologies to be able to develop new products and improve existing products for the market
- giving community members an opportunity to learn the latest technologies and a place to develop their ideas or inventions
- providing Central New York with a workforce that has been trained using the latest high-tech fabrication equipment and electronic tools

During the onset of the pandemic, TLM worked with local hospitals on 3D printing a prototype of a respirator and 3D-printed face shields.

Companies, entrepreneurs, and others looking for assistance with 3D printing or any project design may contact TLM at tealeaf@mvcc.edu.
Mohawk Valley YouthBuild is a program that engages at-risk, low-income youth ages 18 to 24 who need to complete their high school education and develop career skills. The program fosters an environment of mutual respect, positive attitudes, hands-on learning, and a love for self and community.

YouthBuild prepares youth to:
- Earn a high school equivalency diploma by successfully passing the TASC exam
- Gain job skills, earn certificates, and build a resume
- Plan for job placement
- Enter a college program
- Be trained in construction or hospitality careers
- Earn money through stipends and wages
- Become part of a supportive family system

Eligibility requirements:
- 18 to 24 years old
- In need of a high school equivalency diploma

Individuals must also meet at least one of the following criteria:
- Have a disability
- Be low-income
- Be in the foster care system
- Be an adult and/or youthful offender
- Be the child of an incarcerated parent

For more information, call: 315-731-5883
Or visit us: 524 Elizabeth St., Utica, N.Y.

In 2017, Mohawk Valley Community College and Mohawk Valley YouthBuild joined the Skills for Success program—a joint effort with the Rescue Mission, City of Utica, and On Point for College—to help build several 400-600-square-foot rent-to-own houses in West Utica. The first home is on schedule to be completed by Thanksgiving.
What is GEAR UP?
GEAR UP is a grant-funded program through the U.S. Department of Education that stands for “Gaining Early Awareness and Readiness for Undergraduate Programs.”

The Utica and Rome programs provide services to all current eighth- and ninth-grade students in the Rome City School District and ninth-grade students in the Utica City School District, and follows them through high school graduation and their first year of college.

GEAR UP also focuses on preparing students for college and the workplace by teaching skills such as critical thinking; communication; information, technology, and media literacy; initiative; and productivity.

OUR COMMITMENT:
That all students are academically, socially, and financially prepared to enter and complete the postsecondary program or institution of their choice. We believe that young people who start planning in middle school have a better chance of entering college and completing their degrees.

GEAR UP’S THREE OBJECTIVES:
• Increase academic performance and preparation for postsecondary education.
• Increase high school graduation and postsecondary participation rates.
• Increase students’ and their families’ knowledge of postsecondary options, preparation, and finances.

GEAR UP Services Include:
• Mentoring
• Tutoring
• Cultural enrichment
• Financial aid information
• College and career planning
• Parental support groups
• STEM enrichment
• College and educational field trips
• Community service opportunities

GEAR UP is free and open to any current eighth- or ninth-grade student in the Rome City School District or ninth-grade student in the Utica City School District!

Tickets are free and limited to 40 people

---

**OPEN MIC NIGHT**

MATURE AUDIENCES ONLY

April 20 • Tues. • 8:30 p.m.
Utica • Snack Bar, ACC
CONCERT: Michael Glabicki of Rusted Root with Dirk Miller

In addition to the full band (Rusted Root, the multi-platinum band out of Pittsburgh), Glabicki strips down to the bare essentials on a duo tour where he and long-time bandmate Dirk Miller take the old Rusted Root favorites along with new material and perform re-envisioned versions of them in an up close and intimate setting. A multifaceted musician, producer and songwriter, Glabicki's talents are unique and extremely uplifting. Visit michaelglabicki.com.

This concert will also be livestreamed on Facebook at “MVCC Cultural Series.”

May 7 • Fri. • 7 p.m. • Rome Festine Auditorium, PC
$20 general • $10 MVCC employee/livestream

CONCERT: SoCal ’90s Power Punk Band Lit

Lit is considered one of the preeminent bands to have come out of the post-grunge era of the late ’90s and helped define an entire generation of SoCal power punk with hard-charging hits like “My Own Worst Enemy,” “Miserable,” “Zip-Lock,” and “Lipstick & Bruises.” The band has released six studio albums worldwide, including the platinum “A Place in the Sun.” They are currently writing and recording new material. Visit litband.com.

This concert also will be livestreamed on Facebook at “MVCC Cultural Series.”

June 26 • Sat. • 7 p.m. • Utica • Schafer Theater, WH
$15 general • $10 MVCC employee/livestream
The MVCC Cultural Series, one of the biggest entertainment series in the Mohawk Valley, is known for bringing world-class lectures, concerts, comedy, theater, and more to our community. The pandemic has forced us to cancel or scale down many events, but we adapted by making some events virtual and even hosting small socially distanced events when possible. During this time, we’ve discovered some ways to improve upon the Series, such as the addition of virtual components, which can give our events more reach.

As soon as it’s safe, the Cultural Series will be back with a full line-up of events for the whole community. In the meantime, take a look at some of our past events to see what we have done and what you can expect in the years to come.
Job Corps Scholars

Job Corps Scholars is a grant-funded cohort opportunity that makes use of intense, individualized personal and employment counseling to allow students to earn an MVCC tech and trades certificate at no cost in eight months from the start.

Students can choose to take courses in:

- **Mechatronics**: prepares students for work in automated manufacturing settings (e.g. Cree)
- **Welding**: prepares students for structural and metal fabrication welding work (e.g. Briggs & Stratton).
- **Carpentry/Masonry**: prepares students for work as skilled laborers in the residential and commercial construction trades industries.

Eligibility Requirements:

- Be 17-24 years old
- Be a current resident of the City of Utica
- Be a U.S. citizen, permanent resident, or citizen of a U.S. territory
- Be a first-time college enrollee

Students who complete their program will receive SUNY-recognized certificates* and be guaranteed job interviews with Briggs and Stratton in Sherrill, N.Y., and Cree Wolfspeed in Marcy, N.Y.

*Students must have a high school diploma or its equivalent to receive an MVCC certificate.

Classes begin Feb. 2, 2021!

Seats are limited!
