Application for
Diversity and Global View Event Designation

__General Education Statement on Diversity and Global View__

"In the classroom and the broader college community, Mohawk Valley Community College emphasizes an appreciation of the differences in individuals. These include but are not limited to race, ethnicity, cultural background, gender, sexual orientation, socioeconomic status, academic abilities and interests, age, religious beliefs, and physical ability. The College recognizes that our students need to understand that in today's world, different cultures interact and must be appreciated. We hold a global view which perceives the interconnectedness of technological, ecological, economic, social, health and political issues that must be understood and addressed from an international perspective. Students will develop an intercultural awareness and a respect for other points of view, and will be prepared to be participants in an increasingly global community."

Organizer/ Department_____ Date of Event _____
