

HAWK HELP - TOPIC #1

STUDENT INSURANCE

What is your MVCC Insurance? All students ALREADY paid a fee of \$8.00 for the mandatory accident insurance on their College bill. This fee entitles you to use the Student Accident Insurance. This insurance helps cover you in the event you have an accident on or off campus.

How do you use your Accident Insurance?

Step 1- You would go to receive treatment from a physician, clinic, or hospital. No insurance card is needed. Your bills will be sent directly to you.

Step 2- Upon receipt of your itemized bills, you must complete an insurance claim form, which you can download from the MVCC website or pick up at the Student Health Center.

Step 3- You would then submit the completed claim form with the itemized bills attached to NAHGA Claim Services for review.

You are responsible for any costs above insured amount.

Where to get more information? Please call the Student Health Center at (315) 792-5452 and one of the staff will assist you.

ATHLETES: If you are an athlete and are injured during intramural practice or game, please call Tania Bader at (315) 792-5444, as you are covered by Athletic insurance.
