MVCC 2010 GRADUATE FOLLOW-UP SURVEY

This report summarizes the results of Mohawk Valley Community College's Graduate Survey.

There were 799 graduates (Aug '08, Dec '08 and May '09), who received a total of 825 degrees. This report was prepared in the Fall of 2012 by the Office of Institutional Assessment.

Notes:

- 1) The survey was sent out by mail in May and again in June 2009. Telephone calls were made in August 2009 to try to encourage more graduates to respond. The survey did not reach 26 of the graduates (15 due to incorrect addresses, 1 deceased, 10 awarded after the survey was sent out).
- 2) The term "Respondent" does not necessarily indicate someone who actually filled out a questionnaire. The information actually comes from two sources:
 - a) There were 470 survey returns, including the information received via telephone calls (59.42% return rate).
 - b) SUNY-generated files to track transfer students.

Data in question 11 includes 226 additional students who were tracked in this fashion.

- 3) The list of employers in Part 2 only includes those of students in "related" occupations, although the salary is the median of all those who volunteered their income. An asterisk (*) in the salary information indicates that fewer than three graduates reported their annual salary.
- 4) Percentages are based solely on non-blank values.

Although I am of retirement age, I was treated with respect by both students and teachers.

Business Management has great professors who can really relate life situations in their courses to show how what they are teaching works into the work force.

Can't say enough about my time at MVCC. The instructors were all very knowledgeable in their fields and easily passed this knowledge on. For the tuition costs I couldn't have received a better two year education.

I feel MVCC has a very good Culinary Program - I returned to MVCC at 45 yrs. of age and really enjoyed the program & the instructors - TOP NOTCH!

I liked my teachers. They were professional and down to earth.

My major was general studies, so I enjoyed having the freedom to choose my electives.

My professors were fantastic and understood that due to my being an adult student, I had other major responsibilities at home and were very flexible when I needed help with my studies.

The business courses I took were very practical.

The instructors were great, I learned alot from them, they prepared their students well.

The teachers/professors were great, it was a good transition from HS to college and then the 4 year college.

What I liked about my major was the diversity of psychology classes offered at Mohawk Valley Community College. I don't think anything really required improvement in the Psychology major.

Although I am of retirement age, I was treated with respect by both students and teachers.

Business Management has great professors who can really relate life situations in their
