1. **Approval of Minutes:** The minutes of the 10/10/14 meeting were reviewed and revised. R. Mink made a motion to approve the minutes; A. Haines-Stephan seconded the motion. The minutes were unanimously approved as revised.
2. **IPEDS Report:** M. Radlowski discussed the results of IPEDS with members of the IEC. A few highlights. Our peers are five SUNY and five non-SUNY colleges. In general, compared to our peers MVCC has more females, higher full-time enrollment per part-time enrollment, offers more certificates. MVCC is a little more expensive but has more students that are awarded financial aid. The College has lower revenue from tuition, fees, and state and local support, but receives much more in grant monies.
3. **CCSSE and CCFSSSE:** M. Radlowski discussed the results of the CCSSE and CCFSSSE with members of the IEC. Five broad areas are reported on. Overall MVCC did better but it would provide more useful data if MVCC could be more on a cycle with other SUNY schools. N. Rosero will look back at the 2009 results that were identified by the IEC as a focus for improvement through Professional Development sessions and provide a comparison of the results.
4. **Data Summit:** A Data Summit will be held on January 15th from 8:30 to 12 noon to examine the work of the Achieving the Dream Core and Data Teams. The focus will be on understanding the data that will inform MVCC's actions through this initiative. It is expected that the Data Summit will occur at least annually.
5. **MSCHE Annual Conference:** M. Radlowski, N. Rosero, and M. Eannace attend the MSCHE Annual Conference in Washington D.C. There were several sessions dealing with the climate surrounding regional accreditation and the revised MSCHE Standards.
6. **Meeting Dates:** The dates will be announced in January for the spring semester. N. Rosero will email members as a reminder.
